

Welcome

The WHP covers both generic drugs and some brand name drugs. Generic drugs have the same active ingredient formula as a brand name drug. Generic drugs usually cost less than brand name drugs and are rated by the Food and Drug Administration (FDA) to be as safe and effective as brand name drugs.

What is a Formulary?

A formulary is a list of covered drugs which represents the prescriptions believed to be a necessary part of a quality treatment program. We will cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a network pharmacy, and other plan rules are followed. There may be limits on the quantity or form of the drugs covered. For more information on how to fill your prescriptions, please review your Member Guidebook which you can find at <https://www.washtenaw.org/1878/Plan-B-Information>. A two-page printable Medication Quick List is also available at this website.

Exceptions to the Formulary

You can ask us to make an exception to our drug coverage rules by contacting the Washtenaw Health Plan Customer Service at 1-866-291-8691. If you are a member requesting the exception you may be asked to provide a statement from your physician supporting your request.

IF YOU HAVE FURTHER QUESTIONS ABOUT YOUR ELIGIBILITY OR PLAN COVERAGE PLEASE CALL THE WASHTENAW HEALTH PLAN CUSTOMER SERVICE AT 1-866-291-8691.
